**OF LOCAL INTEREST**

**RECEPTION TO PASTOR**—A reception will be tendered by the congregation of the Baptist church, to the pastor on the evening of Friday, Nov. 3.

**BACK FROM ROOSEVELT**—N. N. Miller has returned from Roosevelt, where he sold his drug store to Dr. Palmer, the physician in the employ of the government at that point.

**A CHURCH SESSION**—Last evening, at their home in this city, Mr. and Mrs. D. C. Hinsdale entertained the session of the Presbyterian church, and Dr. and Mrs. McAfee.

**A SUNDAY SCHOOL WORKER**—J. W. Summerhays, who is in charge of the Sunday School work of the Church of Latter Day Saints, spent yesterday in Phoenix, the first visit he has ever made to the city.

**COUNTRY CLUB TEA**—A change has been made in the plans of the house committee of the Country Club and the first Saturday afternoon tea the ladies will hold will be the coming Saturday instead of Saturday, November 5th.

**FINE STOCK FOR THE VALLEY**—B. A. Packard yesterday morning returned from a visit to the Central States, where he went to purchase several cars of fancy stock, which he will put on the ranch he recently purchased near Tempe. The stock shipment is expected to reach the valley tomorrow.

**A COAST BUSINESS TRIP**—H. J. McClung, manager of the Phoenix National bank, left last night for San Francisco on a business trip, to be absent about ten days. The matters with which he will deal while on the coast are in connection with his duties as an officer of the Phoenix Light and Fuel company.

**SHRINERS WILL MEET**—There will be a special meeting of the members of El Zaribah temple at Masonic hall on Saturday night, October 28, at 8 o'clock. All members are requested to attend as there is important business to transact.

**SANITARY BOARD**—The live stock sanitary board held another meeting yesterday but as on the two preceding days it was devoted almost entirely to routine business, J. C. Robbins was appointed inspector for the Tempe district and many minor matters were considered. There will be another meeting of the board today.

**PRESBYTERIAN MISSIONARY**—T. C. Moffit, synodical missionary of the Presbyterian church for Arizona, spent yesterday in the city, en route to Tucson from the northern part of the Territory. The position which Mr. Moffit fills was created last month at Las Cruces, and in the synod are two such officers, one who has New Mexico for his field, and Mr. Moffit, whose work is confined to this territory.

**A RECEPTION**—Tomorrow night in the parlors of the First Presbyterian church a farewell reception will be tendered Rev. Dr. McAfee and family by the church congregation. The committee who have had the plans in charge have striven to make the affair an especially pleasant one. All the members of the congregation and their friends are invited. Sunday Dr. McAfee will preach his farewell sermon and will leave the city on Tuesday evening.

**GOOD HORSES COMING**—It has been authoritatively learned that Mr. Barnett, an Albuquerque horseman, will ship his string to Phoenix in a few days. He will be here until after the fair and it is more than likely that he will keep his horses here all winter. Mr. Barnett's string is an unusually good one as he has four trotting and pacing horses that made unusually good records. He takes his horses east every

summer for the circuit races and is well known among horsemen.

**LOTS OF WATCHES LOST**—Marshall Kinney is of the opinion that there must be a gold watch lying around under almost every rubbish heap in town. He comes to this conclusion through the fact that he has a ladies' watch he is anxious to restore to the owner upon identification, that fact being mentioned in yesterday morning's Republican. During the day a dozen different women telephoned him, each having lost a watch, but none of them seemed to own the one he has. He still has the watch.

**CIVIL SERVICE EXAMINATION**—A civil service examination was held yesterday in the weather bureau office of applicants for the position of clerk carrier in the Phoenix postoffice. There were only two applicants where a dozen were expected as ten or fifteen blanks had been given out to inquiring young men. While the position does not pay a large salary it is desirable for a youth in that it is steady employment, good training and possibly a stepping stone to something else.

**A MINISTERING ANGEL**—Carmen Valenzuela, the paramour of Charles Hardy, who was recently sent to the Territorial prison at Yuma for a violation of the Edmunds Act, has also gone to Yuma to take up her abode, and before leaving explained the object of changing her residence. She says Hardy, who is greatly addicted to the use of whisky, will die if he is not supplied with it, and it is that she may be in a better position to furnish him with the liquor that she is leaving Phoenix. She laughed at the idea of not being able to get whisky to him, and declared the way was easy if the case was urgent, as she deemed the present one to be. Her only fear was that Hardy would be dead before she could reach him.

**IMPORTED GLANDERS**—Dr. J. C. Norton, territorial veterinarian, returned yesterday morning from a trip to Kingman and other points in Mo-

have county. His trip was made for the purpose of investigating a rumor that horses infected with glanders had been discovered. As a result of his investigation he killed three horses and placed several others in quarantine. The infected animals had been in the county about three months and had been brought in overland from California to be used on freighting outfits. This is the first case of glanders among horses ever found in the northern part of the territory. It has been over six years since any case of a similar nature has been found in this valley, but some ten years ago nearly fifty head of horses had to be killed. The disease has now been completely eradicated.

**HE KNOWS THE WEST**—Judge W. T. Baker of Jerome Junction is as near an all round pioneer of the west perhaps as one could find anywhere. He was born in Kentucky and is now in his seventy-sixth year, having lived in Arizona for the last twenty-two years. He served in the Mexican war under Colonel Ralls and was a resident of Oregon and Idaho in the early settlement of those states, passing through numerous Indian wars there. He served both states as a member of the legislature. He was also a member of the party that accompanied Smith O'Brien, an Irish revolutionist across the plains while O'Brien was a paymaster in the United States army.

**UP AGAINST IT**—Many a newspaper man gets up against a board bill but down Douglas way is a so-called newspaper man who, according to the Douglas papers, seems to be up against it in all kinds of ways. His name is Lionel A. De Viron and he went to Douglas to start a weekly paper. He organized a few friends to help him and ordered a plant but before it arrived they had a falling out and the scheme fell through. In the meantime he got married and then a Douglas woman who keeps a boarding house presented a bill of \$13.90 for back board. He gave an order on a grocer that was pronounced bogus and the next step was the issuance of a warrant for his arrest.

**MISSING MAN FOUND**—A message from Nogales under date of the 25th, to the Tucson Citizen of Wednesday, says that Allen T. Bird of Nogales had received a telegram from Guaymas, announcing the safe arrival there of J. S. Hoffman, who was one of Tom Grindell's party that mysteriously disappeared in Sonora last June. The message was sent to Mr. Bird by J. A. Naugle, superintendent of the Sonora railroad. Hoffman says that he became separated from the party near the coast on Aug. 29 and wandered around for several days trying to find his companions. Being unsuccessful he turned south toward Guaymas, which place he had just reached after many hardships and many narrow escapes from death of hunger and thirst. He believes the other members of the party suffered very much as he did, their troubles most likely ending in death. He does not, however, think the Papago guide played false and says he is ready to accompany an expedition to go in search of Grindell and his other two companions.

**TENNESSEE VISITORS**—Messrs. Leon and Charles Gass of Chattanooga, Tenn., are recent arrivals in Phoenix and will most likely remain here all winter, while it is not improbable that

they will become permanent residents of a good business opportunity presents itself. They came primarily for the benefit of the health of Leon Gass, his brother coming as much for company and recreation as for anything else. The family is a remarkable one in many ways. In the first place it is rather a large one, there being eight brothers and two sisters, beside the parents, and Chattanooga having always been the home of all of them, as it still is. Another unusual feature is the fact that the eight brothers are all partners in business having two enterprises which they own and operate themselves, in Chattanooga, while one

brother, Henry Gass, is also president of a large steel company in the south. Businesses conducted by the brothers are the "Gass Brothers Restaurant," at 332 Market street, Chattanooga, and the "Gass Brothers Tailors," in the same city. They have been very successful in both lines and have a large patronage.

Wanted, two dozen Minorca hens and two dozen Leghorn pullets. Hoghe's Chop House.

Founding institutions of New York are overcrowded. One alone gathers in about 200 every year.

**NOVEL PROCEEDINGS.** There will be an interesting court session in the Baptist church on the evening of the 27th. It will be conducted by the King's Daughters, the real ladies of the court, and a magistrate will be present to fine all who wear jewels or fine clothes, for the occasion is to be known as a Poverty Social. There will be a literary program, refreshments and small admission fee.

Customers of the American Cleaning works will note its removal from Third and E. Washington streets to 35 South Center, opposite Commercial hotel. Phone Red 262. T. H. Johnson.
